CRITERION I – CURRICULAR ASPECTS

1.1 – Curriculum Planning and Implementation

1.1.1 – Institution has the mechanism for well planned curriculum delivery and documentation. Explain in 500 words

St. Vincent Pallotti College is permanently affiliated to Pt. Ravishankar Shukla University, Raipur. Hence the college adopts the academic calendar of affiliating university. Annual Academic Calendar of the college is prepared by IQAC, according to the University Calendar prior to the commencement of the academic year, specifying available dates for significant activities to ensure proper teaching -learning process. It is displayed on the Notice Board. Utmost concern is always given for systematic implementation of prescribed syllabus.

“Daily Diary”, in which teachers maintain records on daily basis, plays an important role to ensure the minute level teaching. Mechanisms for effective delivery of curriculum include:

- Planning: Various Committees are formed for Effective Implementation of Academic Calendar. The College Council prepares broad guidelines and frameworks to suit requirements of different courses at the department level. The IQAC and Staff Council in conjunction with the academics, timetable committees of the college and individual departments, provide directions and regularly monitor the efficacy of the same throughout the session. The systems have been structured to help maintain uniformity, transparency, academic standards and quality during internal assessment. Theory & Practical classes are held according to the Time-Table and are displayed on Notice Board.
- Teaching Aids: Conventional classroom teaching is blended with reasonable use of ICT to make the teaching-learning process more learner-centric. Multimedia classes, YouTube assisted learning, experiential learning, participative learning & Problem-Solving methods are also used for effective curriculum delivery.
- Student Centric Methods: Classroom teaching is supplemented with seminars, workshops, group discussions, Tutorials, Projectors, Departmental Quiz, PPT presentation, projects, group-assignments, term-papers, educational tours, field trips and industrial visits for effective delivery of curriculum, which are done in a planned manner.
- Teaching-Learning and Evaluation: All Internal assessments like Class tests, assignments etc are conducted to check whether the students have acquired knowledge. Tutorials are held regularly to monitor the progress of the students. Remedial classes are conducted for slow learners. Advance Learners are made to solve University Question papers and efforts are made to improve their performance. Records of the attendance, mark lists and progress of the students are maintained by the respective departments.
- Faculty Development: The College encourages faculty members to attend Orientation/Refresher courses, workshops and present papers in seminars conducted by the affiliating and other Universities.
- Library Facility: College has a rich library with adequate books of all the branches. Moreover, all the departments have their Departmental libraries for the benefit of the students. Book Bank facility is also available in the college library.
- All-round Focus: College administration also keeps a vigilant eye on the

results, departmental proceedings and students' need and also keeps record of the different activities of the college regarding teaching learning, development and improvements of different methods of effective curriculum delivery. • Mentoring Programs: Besides, college has a Mentoring Program which enables the students to provide feedback to teachers on curricular issues, infrastructure and administrative matters. The committee also counsels about various options related to offered subjects and careers.

1.4.2 – How the feedback obtained is being analyzed and utilized for overall development of the institution? (maximum 500 words)

Feedback Obtained

The College has several formal mechanisms to obtain feedback from different stakeholders. The institution has a clearly set and defined mechanism of obtaining the feedback from the students to improve the performance and quality of the institutional provisions. Free articulation of views is encouraged amongst all stakeholders by inviting them to write to the Principal via official email, which is in the public domain. The College has designed a Feedback Form for all stakeholders to be duly filled by them as an assessment of the teaching program and College infrastructure. Student feedback is also received through classroom interactions. Students' feedback is filled by both UG and PG Students. Feedback is received on varied aspects of the college including teaching-learning, infrastructure, office, canteen, laboratory, library, administration and academics. The points are calculated according to the grades given by the students in various criteria. Feedback received from students is evaluated by individual teachers and department committees and used to leverage pedagogy and curriculum enrichment. There are Suggestion Boxes on each floor for use by the students to express any grievance or complaint. The Box is opened every week by the College Administration under the supervision of the Principal. Such representations are addressed by the Principal through meetings with student and teachers. At the end of each academic session, the Principal convenes a meeting with teachers to discuss academic planning and devise and/or revise pedagogical strategies based on the faculty's experience and feedback. Strengths of the college are also taken into consideration for further upgradation. The Council Meeting on the opening day of the session recapitulates the decision for implementation of new pedagogic strategies and programs. Alumnae of the College actively participate in the activities of their respective departments, hold workshops, deliver seminars and facilitate pre-placement discussions, career counselling workshops and career placements. Alumnae feedback is also obtained from the Alumna Representative on the IQAC. Parents are also invited to interact with the faculty on Parent-Teachers Meetings, on any working day and during College Admissions. Different departments organize interactive sessions with the Parents. These practices have been appreciated by the parents and created a bond between the parents and the institution. The Department Heads collect feedback from the Employers to identify the areas of improvement in technology to match the industry requirements. Teachers' Feedback includes opinion of teachers on usefulness of the syllabus in terms of employability, scope for research, establishment of community linkages, and reasonable coverage of contents and so on. The institution has a very clear and transparent way to monitor and evaluate the quality of various enrichment programs. The feedback in the form of interactions, discussions and suggestions is analyzed by a specially constituted committee and a report is submitted to the Head of the Department. This committee meets with the higher authorities like the Principal and Administration Committee from time to time and amends the enrichment programs to meet the set objectives.

4.4.2 – Procedures and policies for maintaining and utilizing physical, academic and support facilities - laboratory, library, sports complex, computers, classrooms etc. (maximum 500 words) (information to be available in institutional Website, provide link)

Response : The infrastructure policy of the college has established systems and procedures for maintaining and utilizing physical, academic and support facilities - laboratory, library, sports complex, computers, classrooms, etc. Different authorities of the institution share the responsibility for provisioning and maintaining infrastructure supervised by the Director. Laboratory The departments with labs have their own workforce. The college has a well-set mechanism to perform auditing of materials in different departments. The assistance of agency is taken when and where required for the regular maintenance of computers installed at various sections. Library The maintenance of the library, reading room, stock, etc. is taken care of by the library staff of the college. Book binding and book weeding is also part of the library work. A Library Management Software is installed at the Library to keep track of the books and journals. The registers are maintained for the attendance of the students as well as staff availing library resources. Apart from the printers' facility in the departments, the photocopy machines are also available in the library and the office. Sports Sports complex comprises playing ground, track and field, indoor space. Students of the college are very participative and have brought laurels by playing at the national and international level. The college has the NCC wing and always witnesses its participation in the camps. Computer The updating and servicing of the computing equipments is taken care of by the computer controller. The development of required software is also arranged through the outsource persons. Classroom There are well furnished ventilated classrooms adequately available in our college. The twenty classrooms are also equipped with Wi-Fi facility, facilities such as blackboards, electrical fittings and furniture, etc. are regularly maintained. Water facility Required numbers of water purifiers are also available. Open-well is also self sufficient to serve the need of water supply. Medical facilities First-aid facility is available for the students. College has dynamic contacts with some local hospitals available nearby the institution and when needed their services are availed. Gymnasium In view of fitness, open gym also is of great benefit. Time to time outsource persons are called for servicing gym -equipment. Next to it is, the bank enabling the quick transaction accessible to both the staff and the students. Parking facility is adequate providing space for bicycles, two-wheelers and four wheelers of students and staff. Bio-metric machines maintain the arrival and departure record of the faculty members and students of B.Ed. (dept.) Security CCTV is installed in all the prime locations of the campus. Security guards keep watch at the entry and exit gates of the college. Fire-extinguishers are also available in the college. Gardening and watering plants are systematically done with the use of sprinklers. The college maintains healthy ambience through eco-awareness displays like Plastic Free Campus. Draining system is in place to reduce the effect of water logging. Canteen Canteen is well supervised by the canteen committee. The quality of edible stuff is well maintained and hygienic conditions are supervised.

5.4 – Alumni Engagement

5.4.1 – Whether the institution has registered Alumni Association?

Yes

We have registered Alumni Association on 28-04-2015 under the specified Act by Government of Chhattisgarh registrations bearing the No. 32288. Alumni of the Institution are providing mentoring services to all departments' students of the college and this became influential in making the students understand the 'Industry-Institute Gap' and also the way to plan and shape-up their career in right direction. They involve in making the students to understand various business opportunities and providing all the support required for preparing the students to become industry ready or to make as entrepreneurs by knowing the current dynamics of the industry. The College has been conducting many alumni based events like 'Reconnects' as part of 'Alumni Meets', 'Alumni Talks' by each department. The Ex-students of the institution share their success stories to the ongoing students. Alumni are leading in introducing the outcome based knowledge in the College by imparting making the students value based and industry ready through these events. Alumni are invited for participating in their respective departments in this 2019-20 Meet. They support the c needy and meritorious students by offering regular scholarships. Alumni have deliberated on concentrating on industry-based research projects for B.B.A students to contribute as part of the curriculum and frequent Industrial Visits to their establishments and companies. The Alumni working at reputed companies are helping students in their project and developmental activities. Alumni are helping to develop quality standards that could be used for enhancing and raising high quality of delivery of educational system. Our alumni association develops a sense of community between current and former students and staff. They provide an outside funding resource for the benefit of institution. Every year they contribute in terms of monetary assistance for deserving and underprivileged students who have secured merit or participated and achieved in sports activities. Every department has a tradition of conducting 'Alumni Talk'. It provides an opportunity to the present students to understand about the various career options of the present situation. Alumni registered candidates used to gather in meetings as and when scheduled and enrich the academic students in their ambitions and endeavors. St. Vincent Pallotti College has never depended on marketing for advertising their affiliated programs or courses but these Alumni help in penetrating the publicity among the society and their circles. The institution has agreed on Memorandum of Associations (MOUs) with the organizations and schools established by some of the Alumni. Some schools of these provide regular internships facility for B.Ed students and frequent industrial visits are also allocated to B.B.A students by some of the Alumni set ups. Few of our alumni are directors of some schools. Hence they contact our B.Ed department for referring some good students for placement also. We have our alumni as our faculty members in education, commerce and management departments. These staff members act as bridge between the alumni and present students. We have determined to engage our successful alumni association to have adequate funding, personnel and organizational

support.

CRITERION VI – GOVERNANCE, LEADERSHIP AND MANAGEMENT

6.1 – Institutional Vision and Leadership

6.1.1 – Mention two practices of decentralization and participative management during the last year (maximum 500 words)

ST. Vincent Pallotti College encourages and motivates a culture of decentralization and participative management by involving staff members in a number of administrative roles. For the participative decentralization and governance, the director and the Principal have appointed Vice-Principal and Head of the departments and provided administrative as well as academic autonomy for the effective governance. Before the commencement of each academic year various college committees are formed by IQAC under the guidance of the Principal. Every committee has the freedom to prepare its plan and decide implementation strategies. There are 18 Staff Committees and all faculty members are part of it. To demonstrate decentralization and participative management, we have attached case study on working of college Committee. Silver Jubilee Celebration The Silver Jubilee Celebration of St.Vincent Pallotti College, Kapa, Raipur was held in the college premises in a befitting manner .The college was established in 1995 with the motto-"Go forth to Serve" having completed the span of 25 years . It was a three days' programme beginning from 15th December named as Reconnect 2019 followed by prize and scholarship distribution on 16th December under the event tag-Uplabdhi. After the successful program of two days, our culminating event, "AAROHAN" was organized in the college premises on 17th December, 2019. Distinguished guests, dignitaries, elite guardians, and the students of the college were also present to witness the annual function. The winners of special achievements were also felicitated under different groups. To execute the grand event successfully, cultural committee discussed and drew the plan of action under which themes of the events were decided and invitation card was designed. Different action committees were organized to make the event a success. All the activities right from the beginning i.e. printing of invitation, decoration, welcoming the guest, refreshment and its distribution were handled by different committees of the college. After the formal functions, Cultural event was diligently organized. The event was a grand success. Expert lecture on NAAC SSR St. Vincent Pallotti College is passing through its phase of 3rd Cycle of NAAC accreditation. To make it a success teachers were given responsibility of each criterion along with two teachers to assist them for the same.To strengthen this efforts in SSR preparation, an Expert Session, for all the Staff Members, was organized on 13/12/2020 in the AVA Room of the college. The topic of the event was Criterion wise Analysis of SSR. The expert of the day was Prof. D. K. Shrivastava, Head of the Department - Microbiology, Govt. E. Raghavendra Rao. P. G. College, Bilaspur. The session began with the inaugural speech by Principal of the college Dr. Kuldeep Dubey. NAAC Coordinator Mrs. Pooja Rathi briefed about the present status of the NAAC accreditation process of the college. Seven criterions were divided among the staff members. Incharge of

each criterion presented their inputs. Thorough analysis and doubt clearance with regard to each metrics was conducted. The session was very much informative and detailed discussions helped criterion in-charges with novel outlook.

The entry of the motorized vehicles can be made around the main gate entry and around the building. Most of the areas in the campus are connected through trails in order to minimize the entry of motorized vehicles. • College is maintained as plastic free campus as use of disposable plastic or thermocol cups and glasses are banned on the campus. • College is maintaining Paperless mode of administration as most of the important communications to the staff members of all the Departments and offices are sent via emails and mobile applications. • The campus of the College possesses a green landscaping with trees and plants. A Memorandum of Understanding with Green Army (A Non Profit NGO) has been signed to contribute in the environmental campaign. • College manages to have a proper system for management of solid, liquid and e waste. • Proper arrangements have also been made to save and reuse the rain water.

7.2 – Best Practices

7.2.1 – Describe at least two institutional best practices

Best Practice: 1 Title of the practice: Remedial Classes Objectives of the Practice 1. The aim of Remedial Teaching is to provide learning support to students who lag far behind their partners in academic performance. 2. A remedial activity is one that is meant to improve a learning skill or rectify a problem area. Remedial instruction involves using individualized teaching of students who are experiencing difficulties in specific subject areas. 3. To cultivate an atmosphere of sharing of knowledge among the Students. 4. Reinforcement: Students who have been out of college may benefit from remedial teaching over a week or more to reinforce skills they lost due to extended time away from college. 5. Diverse methods and materials are used in remedial teaching, with which new ways can be found to approach the subject that is to be learned. 6. To develop pupils generic skills, including interpersonal relationship, communication, problem-solving, self-management, self-learning,

independent thinking, creativity and the use of information technology. 7. To facilitate learning and development among all. The context St. Vincent Pallotti College has a number of departments and have skilled and experienced faculties.

The Commerce Management department conducts remedial classes for the weak students in order to facilitate them with basic learning skills knowledge.

Remedial education (also known as developmental education, basic skills education, compensatory education, preparatory education, and academic upgrading) is assigned to assist students in order to achieve expected competencies in core academic skills such as literacy and numeracy. Students who have temporarily fallen behind in their studies or otherwise need short-term support in their learning have the right to get remedial teaching. The

Practice In this practice the teachers take their topic remedial class according to the scheduled time table. The departmental head prepares the schedule of the remedial classes. Evidence of Success The ultimate aim of remedial classes or teaching was to provide special attention to the students who fall or lag behind studies. And all the students were benefitted with this special course and hence their academic score was improved which ultimately resulted in the growth of the institute students too. Problems encountered and resources required: As all things have their pros and cons therefore remedial classes also encounter some problems. These problems were not major and got resolved immediately. Some problems that were encountered were: • Time

constraint: many times the topics were interesting and audience wants to listen but due to the time the classes were cut down short. • Delayed feedback from the instructor. • Lack of self regulation self motivation. • Sense of isolation caused by the interpersonal communication interaction among students or between the students the instructor, or caused by the use of monotonous instructional methods. Best Practice: 2 TITLE OF THE PRACTICE Movie making Fest OBJECTIVE OF

THE PRACTICE 1. To build intellectual and enthusiastic understanding of theatre arts. 2. To help students to understand filmmaking as a tool to communicate a message. 3. To enable them to understand the basics of video editing. 4. To make the students learn the basic principles of film-making. 5. To help the students to understand the technical aspect of movie-making. 6. To develop a spirit of leadership and team learning. THE CONTEXT St. Vincent Pallotti

College is always keen for exploring different methods for the overall development of personality of its students. In this sequence it opens up a platform for students to bring out the hidden future directors and movie makers--Movie making fest for the students of the college. In this context St.

Vincent Pallotti college is in practice of arranging the fest in successive years. 2018 showed explosion of interest, talent and eagerness in students in this area. This generated a strong will in the Pallottine family to organize a workshop, to develop a new insight and understanding about cinematography in the students' .So, as a step ahead in 2019 a workshop was organized under the capable supervision of talented Actor, Director and owner of a famous music band, Padmashri Mr. Anuj Sharma. The main objective of the workshop were- • To build intellect and understanding of theatre arts in the students. • To enable

students to understand video editing and other technical aspects of film making. After the workshop, Students practiced with great enthusiasm the skill of preparing short script and it's video-shooting through their smart phones for next two days. Successively ,to provide a better platform and to fulfil the objectives, Department of Education of St. Vincent Pallotti college organized 2nd movie making fest on 22nd November 2019 .Varieties of pocket movies were made which conveyed multiple social messages and tried to bring awareness to issues prevailing in the present society. Students from different departments participated with full zeal, worked elaborately in groups and produced short

films on different themes like Mobile Mania, importance of teachers, motivation, menstruation, value of disability etc. The movie making fest was the premier outlet for the next generation of filmmakers. THE PRACTICE Students were instructed to produce film in teams by using their smart phones. Specific

rules and guidelines were provided regarding the number of members of the group, length of the video, timing, sound effects, language etc. Criteria for evaluation were selection of themes, quality of sound, quality of picture and direction and overall presentation. Acting was done by the college students which were shot with the smart phones by their team members. Later it was edited and background music was added. It was indeed a challenging task and involved lots of Team Spirit and motivation. First prize was won by the movie based on drugs, second on ragging and third on cleanliness. A special appreciation was given to B.Ed sem-I students who presented a pocket movie with the title CHILD EDUCATION. Outcomes:- The practice benefitted the students in a number of ways like - a. The students learnt about movie editing and VFX. b. Students got to know about creating sound effects. c. Students learnt about camera angles. d. The idea of observing film making as a career option got strengthened among the students. e. This provided opportunity to learn a new genre in college through learning by doing and established a good example of collaborative learning. Evidences of Success Following are the indicators of the success of this practice- 1. The participation and enthusiasm of the students was the best indicator of the success. 2. The students chose novel and un-conventional themes for their movies. This way this event served as a platform to bring-up their reflections. 3. The most difficult part of movie making is the video and sound editing. This was conducted so well that it is almost of the professional level. 4. Three of the students were successful in continuing this practice in individual level and they have uploaded their short movies on their own YouTube channel. 5. The same group of students has shouldered the responsibility of making a video of the 'Growth-Story of St. Vincent Pallotti College' that was screened in the Silver Jubilee function of the College. Problems encountered and responses required. 1. The area of sound editing was a big challenge as it needs expertise and proper environment and room. 2. All the students did not have proper camera or phone so picture quality was affected. 3. Hesitation of students for outdoor shooting was also observed. It is a part of life to have obstacles. It's about overcoming obstacles. Performance and enthusiasm of students have proved well that they can overcome any hurdle and create the life. It's this spirit college aims to imbibe in their students.
