

St.Vincent Pallotti College, Raipur. (C.G)

ANNUAL REPORT 2020-21

ABOUT COLLEGE

St. Vincent Pallotti College derives its name from great saint St. Vincent Pallotti who was born in Rome on April 21, 1795, to Pietro Paul Pallotti and Magdalena DeRossi. The Society of the Catholic Apostolate is an International Community of priests and brothers who are dedicated to charity and service. The branches of noble task are spread over more than 56 countries. In its efforts to extend service in the field of education, Vidya Protsahan Sangh was registered in 1974. Under this registered society, among other institutes, St. Vincent Pallotti College was set up as the first institution for higher education in the year 1995. It is the first English medium college of the Chhattisgarh state. The college is located in lush green campus and in the heart of the city. The college is well equipped with surplus number of classrooms, labs and much enriched library, canteen, and play ground to facilitate students from far and wide. During last five years, after NAAC reaccreditation of second cycle, the college has witnessed many notable outcomes. Under the competent direction of the governing body, efficient college council and the functional IQAC, the College is able to cross many mile stones of success. St. Vincent Pallotti College successfully recognized by UGC under 2(f) & 12(b). The College has been permanently affiliated to Pt. Ravi Shankar Shukla University. The college could achieve 'Best College' award from its affiliating University continuously for last three years. The College has been recognized as a Research Centre for Commerce in 2019. In the same Year College won Auropath (non-profit NGO) Global award for its qualitative performance. The management & staff are committed to render their noble services for the growth of the society.

7	Google forms

VIRTUAL CLASSROOM

A virtual classroom is a digital learning environment that allows teachers and students to connect in online in real time. It utilizes video conferencing, online whiteboards and screen sharing to allow educators to hold live lectures, virtual office hours, and discussions with students in an interactive setting. Virtual classrooms are typically cloud-based learning solutions that are part of larger learning management systems (LMS). They are highly customizable and are accessible to users on a variety of devices, like smart phones, tablets and laptops.

The college established virtual classrooms for students in the pandemic. This helped teachers and students to connect in online. Teachers took live lectures, various activities and discussions with students in an interactive setting.
