Analysis of Students' Feedback

**Action taken Report on the Students' Feedback**

Based on the consolidated findings of the "Students' Feedback", Department of Commerce carefully analyzed and categorized into key themes for each criterion. The following report outlines the steps we have taken and plan to initiate at the department level in response to the feedback received.

- Some specific aspects of the infrastructure like 'Classrooms', 'Greenery of the Campus' and 'Parking Facility' are well received by the students but a few concerns were raised about 'Wi-Fi facility' and 'Cleanliness' through a negative rating. The Department urged the management to take note of the same and subsequently enhanced the bandwidth of the 'Wi-Fi' to 200 MBPS and expanded the coverage of the same. It is also implemented the required facilities to maintain cleanliness.
- Besides 'Excellent' and 'Very Good' ratings given by the students to the metrics of 'Functioning of Discipline and Anti-Ragging' and 'Women Cell', some respondents reflected on the areas of improvement i.e., 'Assistance in administrative matters by the college office' and also 'Women Cell' by giving least rating. The Department submitted the same to the management of the institution to recommend constructive measures to enhance the rating.
- As far as the criterion of 'Library' is concerned, the students have given 'Excellent' rating consistently for the past three years. Though it proved to be the institution's one of the strengths, the Department proposed some new additions in the form of journals, publications and E-Content related to the B. Com program.
- With regard to the 'Teachers' criterion, it is highlighted through the comprehensive analysis of the 'Feedback Response' that all the three parameters i.e., 'Regularity & Punctuality', 'Preparedness' and 'Student-Teacher Relationship' attained highest rating consecutively from the past three years. The Department of Commerce recommitments to continue the curriculum transaction and demonstration activities more effectively to execute the same.
- The Department of Commerce has identified the potential for refinement of the metric of 'Design and Content of the Syllabus' under 'Teaching-Learning Process', since it reflects some least ratings. As we follow the University's prescribed syllabus, Department explored the areas of subjects where the new additions and enhancements needed to the Principal to propose the same to the respective 'Board of Studies' of the University.
- Students made several requests for the access of 'Sports Facilities & Equipment' and also for the wide range of activities as part of the 'Sports & Extra-Curricular Activities' criterion. The Department brought to the notice of the same to the management and upgraded specific equipment and games in order to facilitate the students requirements.
