ALM [Active learning Methodology]-Workshop-2022

Report

The Active Learning Methodology Workshop was conducted from 12/07/22 to 19/07/22. The primary objective of the workshop was to introduce and explore innovative teaching strategies that promote active learning and engage students in a meaningful way. The workshop emphasized the integration of various active learning techniques, including KIM [Key, Information Memory] , Educational Games, Mind Maps, and Chronologue, W-H Template, Sloke-Sutra and formula, Cloze test etc. into the classroom setting.

Participants

The workshop saw the participation of all the educators of Education department. All the Teacher-trainees of the department who were the attendees added value to the discussions, as they brought different perspectives and experiences.

Workshop Agenda

Introduction to Active Learning: An overview of active learning and its benefits in enhancing student engagement and comprehension.

KIM: Participants were introduced to the KIM, which is designed to improve memory and observation skills. Practical exercises were conducted to illustrate how this technique can be used in the classroom to reinforce learning.

Educational Games: This segment focused on the integration of educational games to foster active learning. The participants were introduced to various game-based teaching strategies and given hands-on experience with some popular educational games relevant to their subjects.

Mind Maps: The workshop explored the concept of mind mapping as an effective tool for organizing information and promoting critical thinking. Participants created mind maps individually and in groups to map out complex topics from their respective fields.

Chronologue: The Chronologue technique was introduced as a means to enhance chronological understanding and historical context. Teacher-trainees were shown examples of how Chronologue could be incorporated into history, literature, and science lessons.

Report- ALM Workshop

Integrating Active Learning: In this section, the focus was on how to integrate the active learning methodologies and techniques into various teaching contexts and subjects. Participants brainstormed ideas and shared best practices.

Creating Lesson Plans: Participants were given time to work in groups to design lesson plans incorporating the active learning techniques learned during the workshop. Facilitators provided feedback and suggestions to improve the plans.

Q&A and Discussion: The workshop concluded with an open discussion, allowing participants to ask questions, seek clarification, and share their insights and takeaways from the workshop.

Exhibition: At last, an exhibition of all the Teaching- learning material and the educational toys prepared during the workshop was organized which was appreciated much by the college authorities and the visitors.

Outcomes

Increased Awareness: Participants gained a comprehensive understanding of the active learning methodologies discussed in the workshop and their potential impact on student engagement and learning outcomes.

Enhanced Practical Skills: Through hands-on exercises and group activities, participants developed practical skills in implementing the taught techniques in their teaching.

Lesson Plan Development: Participants successfully created lesson plans that incorporated active learning techniques, enabling them to apply their newfound knowledge in their classrooms.

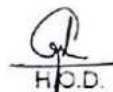

Collaboration and Networking: The workshop facilitated networking opportunities among educators from different institutions, encouraging the exchange of ideas and experiences.

Feedback

Feedback from participants was overwhelmingly positive. Many participants expressed their appreciation for the hands-on approach and the opportunity to collaborate with peers from diverse educational backgrounds. They found the workshop highly informative and believed it would significantly impact their teaching methodologies positively.

Conclusion

The Active Learning Methodology Workshop proved to be a resounding success. Participants left the workshop with valuable insights, practical skills, and a renewed enthusiasm for integrating active learning strategies into their classrooms. It is hoped that these methodologies will lead to improved learning experiences and outcomes for their students. The workshop also highlighted the importance of continued professional development for educators to enhance their teaching practices continually.

Session: 2022-23

Name of Activity: HUB: Connecting People

Organized on: 20/8/2022

Organized by: Department of Computer Science

Venue: Seminar hall

Students involved: BCA & PGDCA

The idea of having to deal with new institution, new friends and new experiences for an incoming first-year college student can be overwhelming. In order to make them familiar with the college environment, an ice-breaking session namely "HUB: Connecting People" was organized by Computer Science Department for BCA 1st year and PGDCA students. This session was designed to welcome attendees and warm-up the conversation among participants. Ice-breaking is an activity that is conducted when a group of unknown or semi-unknown people gather in a particular place for a similar purpose. An effective ice-breaking activity helps students to comfortably interact with each other.

It was an attempt to create healthy bonding between seniors and juniors and also to develop their managerial skills. The event began with the self introduction by BCA 3rd year and BCA 2nd year students. Afterwards, the department hosted a gaming event for juniors which they enjoyed to the fullest. 'Catch the balloon' and 'Balloon in the air', these two games were the top of the fun. This was followed by introduction round of 1st year and PGDCA. At the end, HOD - Mrs. Pooja Rathı briefed them about the college, Computer Science department and about the course they have opted for. Later on, the activity was concluded by vote of thanks given by Ms. Rupali Sharma.

Report- Nick of Hour

St. Vincent Pallotti College

Department of Commerce

Report on the activity of "Nick of the Time"

Session: 2022-23

Date: 27-8-2022

The most fundamental benefit of the non-academic activity for the students of the institution is 'Learning a new skill' where they participate and engage themselves to demonstrate and try to acquire the competence of the same. The very objective of the Department of Commerce is to facilitate the students to broaden their social skills as well as improve their time management.

"Nick of the Time" comprises a group of activities related to time management, team building and decision making. The students of B.Com-I, II&III have participated in a variety of games and events viz., (i) Pyramid making by disposables (ii) Balloon challenge (iii) Creative wear (iv) Singing and Dancing performance

The Teachers of the Department motivated the students to increase their interest levels and linking these activities to the concepts of 'Team building', 'Managerial task completion' as well as 'Decision making'. Since these gaming activities captivate the students towards active engagement, they focus and adopt their natural skills to develop their mental abilities instantly.

The group activities of "Nick of the Time" performed by the students of B.Com by organizing themselves into three different groups whereby they grasp and get into the respective game and deliver their skills and abilities to finish the same. As these group activities are associated with time bound completion, by coming out quickly out of the games, most of the students realize the importance of the 'Time management' and 'focused Mind' in a clamorous environment.

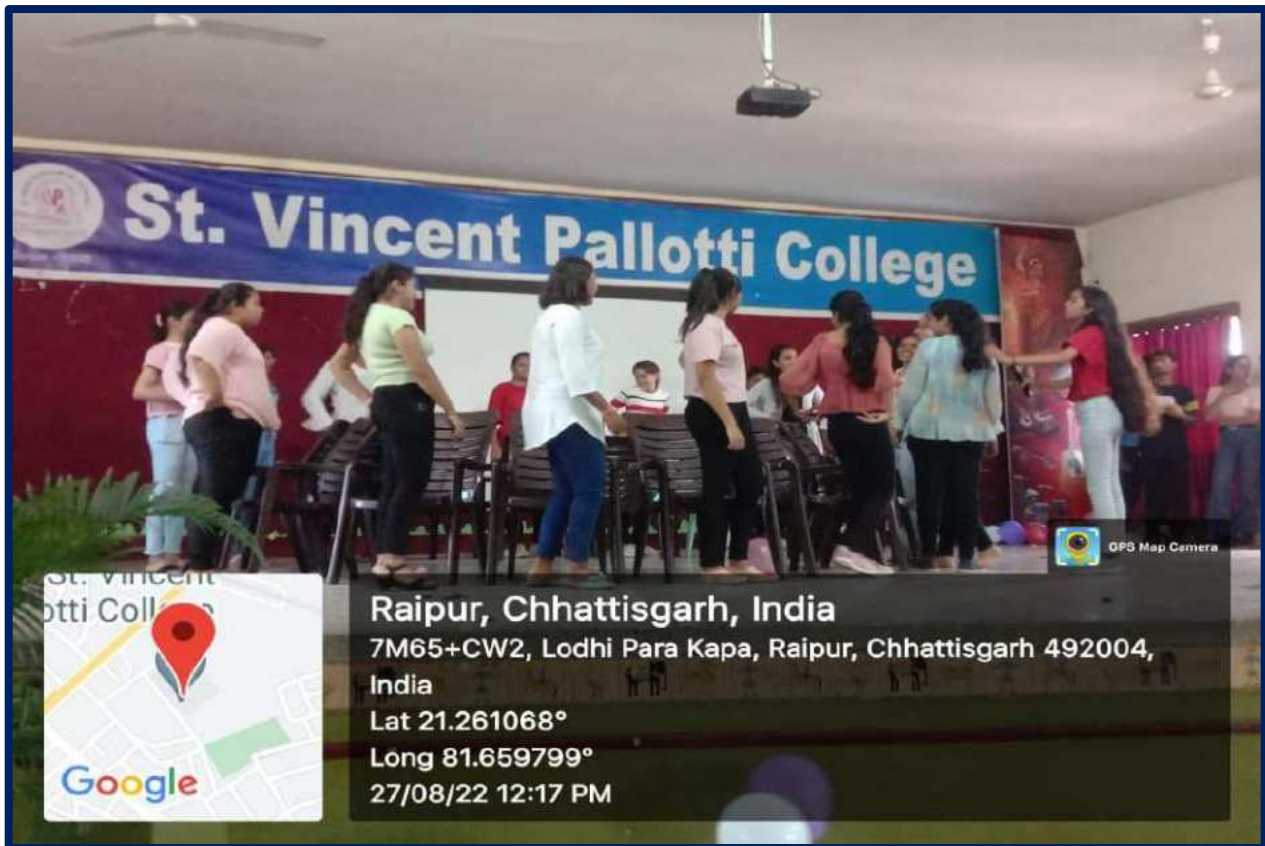

Creative wear, singing and dancing performances highlighted the inherent talents by some of the participants. Teachers of the Department of Commerce worked out and directed the students to take part in the above events in order to complete in a given time frame.

Winners of the games and activities are given the certificates of appreciation by the Head of the Department, Mr. Vaibhav Shrivastava. All the teachers of the Commerce Department were present at the session and the students have actively participated and benefited by the activity.

Session: 2022-23

Name of Activity: 'Technical Antakshari'

Organized on: 17/09/2022

Organized by: Department of Computer Science

Venue: AV Room

Students involved: All students of BCA & PGDCA

In order to improve academic performance, one needs to periodically refresh one's mind and energy by taking study breaks. Hence, the Department of Computer Science organized an event named "Technical Antakshari" and the purpose of organizing this event was to have an informal interaction with new students of BCA and PGDCA and to make them feel comfortable with the teachers as well as senior students.

The teachers divided the students into four teams. The teams were Tech Army, System Zombies, Tech Pirates and Terminators. As the name implies, 'Technical Antakshari' is a game of involving songs with little bit trick to identify the song. We added a little twist in the game by using some technical words and a variation to the regular Antakshari was played in which 3 rounds were there. Faculty in-charges of the event were Ms. Rupali Sharma and Mr. Digvijay Singh. The game was organized in 3 rounds and each team has provided with 2 chances to play. The students participated with full enthusiasm and were very active throughout the game. The winning team was System Zombies. This activity promoted the team spirit and interaction among the students. They enjoyed the activity and had lots of fun. Later on, the activity was concluded with a general competition between audience and participants.

Session: 2022-23

Name of Activity: Quiz Competition

Organized on: 05/11/2022

Organized by: Department of Computer Science

Venue: AV Room

Winners: Team Cleverbot

Besides the obvious academic benefits of expanding a student's knowledge and exploring new skills at an early age, quizzes redefine the education system in significant ways. This Quiz helped students identify what they know and what they don't know. The students then have a better idea of how well they are grasping the material, hopefully motivating them to study more and helping them allocate their study time effectively by focusing on the information that still needs more practice.

The Quiz competition organized by the Department of Computer Science consisted of 4 groups namely Team Master Minds, Team Einsteins, Team Cleverbot and Team Quiz Masters. The competition was conducted in 3 rounds. In round 1, general knowledge questions were asked to each team. Team Quiz masters led in round 1. In round 2, song identification has to be done by each team. Team Einsteins led in round 2. Round 3 was face recognition round in which morphed images of renowned personalities were shown on the screen and the team has to guess the correct name. This round was led by Team Cleverbot. After the completion of all the rounds, Team Cleverbot won the quiz competition. Later, the event was concluded with words of motivation by HOD, Mrs. Pooja Rathi.

Certificate Course in Personality Development- (2022-2023)

REPORT

St. Vincent Pallotti College is always keen for exploring different methods for the overall development of personality of its students.

In this sequence Department of Education of the College organized 'Certificate course in Personality Development' for the B.Ed. IV semester students from 20.02.2023 to 24.03.2023 .The course included modules like Spoken English, interview skills, resume making, Body language, Communication skills etc.

The skill was taught and drilled through various activities by the faculties of the B.Ed. department. The whole course was accomplished in three phases-

1. Interactive classes on language and communication skill.
2. Body language and Body Posture.
3. Preparation of a Proper resume and Practice of Interview Skill through LBD (Learning by Doing)

The last phase visualizes a mock interview for the students. The mock interview was a simulated feature of the real one. This was followed by feedback to each and every student about their performance in interview.

The course was successfully accomplished. The course was designed by the senior faculty members of the Department of Education keeping in view the needs of the B.Ed students. It was a step ahead taken for the benefit of students.

Name of Activity: "Group Discussion"

Organized on: 30/07/2022

Organized by: Department of Computer Science

Venue: AV Room

Students involved: BCA-II & BCA-III

Group Discussion is an activity of discussion involving number of participants who shares their ideas on a given topic. This activity is increasingly being used in the job market during interviews and selection procedures. As BCA is a professional course, the Department of Computer Science conducted this important activity as it offers an opportunity for extended speaking and listening practice to the students. The purpose of a group discussion is not to win an argument or to amuse the group members but to help each group member express his/her ideas clearly and effectively through interaction with other people.

All the students of BCA-II and BCA-III were involved and total four groups were formed with 7 members each. Also, each group was allotted with the topic of discussion through chits. In order to conduct a discussion that results in learning, set of ground rules were structured. This helped in the smooth conduction of the activity and successful discussion. All the students learned the importance of body language and having command in a language to express their views. It was a successful activity as it boosted the confidence in members involved in this activity. It was a very interactive exercise and was fruitful for the students as it helped them in their overall personality development.

Name of Activity: "Tear the Stage Fear"

Organized on: 27/08/2022

Organized by: Department of Computer Science

Venue: BCA III Classroom

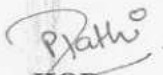

Students involved: BCA-II & BCA III

Fear of public speaking is a common form of anxiety. It can range from slight nervousness to paralyzing fear and panic. Many people with this fear avoid public speaking situations altogether, or they suffer through them with shaking hands and a quavering voice. But with preparation and persistence, we can overcome our fear. In order to overcome the problem of stage fear, Department of Computer Science organized an activity on occasion of 75th Independence day celebration named "आज़ादी की अमृतवाणी - आओ पहचाने स्वतंत्रता सेनानी" which follows the national celebration named "Azadi Ka Amrit Mahotsav".

"Azadi Ka Amrit Mahotsav" is an initiative of the Government of India to celebrate and commemorate 75 years of progressive Independent India. Through "Azadi Ka Amrit Mahotsav", India is celebrating the glorious history of its people, culture and achievements.

The activity was conducted on Saturday, 27th August 2022 in BCA III Classroom which was comprised of speech related to Indian freedom struggle and story of different freedom fighters. Students have actively participated in this activity. There were total 50 names of Freedom Fighters written on different chits. Students were supposed to pick any one chit and should speak about that freedom fighter in around 10 sentences. The main aim was to strengthen the Public Speaking amongst the students and to polish their leadership quality through this activity. Students have shown there keen interest in the event and got the opportunity to enhance the spokesperson's building skills.

This event was appreciated and enjoyed by all the students. All the teachers of Computer Department have worked hard towards the planning and execution of the event. The program was concluded with a gratitude note given by Mrs. Abhilasha Khare.

ST. VINCENT PALLOTTI COLLEGE, RAIPUR DEPARTMENT OF MANAGEMENT GUEST LECTURE- FIT AND HEALTHY LIFESTYLE FOR ADAPTABILITY OF MANAGEMENT SKILLS REPORT 07.09.2022

The Department of Management organized a Guest Lecture on topic "Fit and Healthy Lifestyle for Adaptability of Management Skills" on 07.09.2022 for the students of B.B.A and M.Com in the AVA room. The speaker for the event was Dr. Geetika Dhuper, an independent fitness consultant. The dignitaries present for the program were Dr. Kuldeep Dubey (Principal), Dr. G. Padma Gouri (Vice Principal), Dr. Prachi Singh (H.O.D) and other faculty members of the department.

Health and fitness is the most important aspect of our life. There is nothing more important than health for any human being. When we are healthy and fit we are able to enjoy our life well. We can talk to our near and dear one; we can laugh, smile, travel, enjoy food, and sleep well.

The students were enlightened about the various aspects of health and fitness. Dr. Geetika emphasized the need of balanced diet and physical exercises that will together promote good health of a person and how different managerial skills like planning, motivation, time management, co-ordination etc. can be applied to live a healthy and fit life. Students learnt how they are responsible for their physical fitness. They understood how they can follow a balanced diet to lead a healthy life.

In her interactive session, Dr. Geetika briefed the students on the importance of health and fitness. She explained how to maintain proper health and fitness and elaborated on the required supplements to maintain the same, the basic nutrients required for good health such as proteins, calories, carbohydrates, fats, vitamins etc. She further stated that the components required for good physical fitness are muscular strength, endurance and flexibility. Students learnt various aspects of living an active and healthy life. As a token of appreciation, a thank you memento was presented to the resource person by Dr. Prachi Singh. The session was concluded with a vote of thanks by Mrs. Garima Tahiliani.

Food fest: 'Cherish and Relish '

Organizer: Department of Education

Venue: College Free Zone

Date: 21/01/23

Report

St. Vincent Pallotti College always aims for the all round development of the students. With the objective of propelling awareness towards healthy and tasty food and inculcating entrepreneurship among students combined with entertainment, a grand healthy food fest 'Cherish and Relish' was organized by the Department of Education on 21 /01/23. The college free zone was filled with colorful stalls, palatable, pleasant aroma of food and cheerful talks and laughter of students. Twenty five stalls with nearly fifty different healthy food items were ready to Serve.

The objective of healthy food was successfully achieved as all the items were not only healthy with nutritive value but also highly palatable. Some of them are mixed fruit salad, guava punch-chaat, healthy gupo-chupo, Lassi kesar, duska-chatni etc. The program was inaugurated by the Director of the college, Principal and Vice Principal. Selling and purchasing of food items were through coupons for convenience. All the food items were full of taste and all the students and staff of the college really cherished and relished them.

The fest was concluded with cheer claps of students and all the people present there.

St. VINCENT PALLOTTI COLLEGE, RAIPUR
Department of Computer Science
Session - 2022-23

Name of Activity: "TECHNO-UPDATE-I"

Organized on: 10/09/2022

Organized by: Department of Computer Science

Venue: AV ROOM

Students involved: BCA-I, BCA-II, BCA III & PGDCA

We all know that today's era is of technology and daily new technologies are coming in the world. We need technology in every classroom and in every student, because it is the pen and paper of our time and it is the lens through which we experience much of our world.

With the help of this activity, students get to know which technology is being developed in the world. In this activity student describe the technical topic to enhance their knowledge related to different technologies. This activity comes within the best practice of the computer department. The main motive of computer department of computer department is that the students should also know about the new technologies, so, the computer department of computer science conduct this activity every year.

So keeping this in mind the department of computer Science organized an activity named "Techno Update-I". The purpose of this activity was to develop a relationship with technology.

Students were instructed to select the topic of their own choice. They have selected very innovative themes to discuss on. Topics and name of the students are listed below:-

- | | | |
|-----------------------------|---|-------------------------|
| 1. Bhumika Ajwani (BCA-I) | : | Artificial Intelligence |
| 2. Divyansh Goswani (BCA-I) | : | 5G Network |
| 3. Priya Sonwani(BCA-II) | : | Hyperloop |
| 4. Isha Rathi(PGDCA) | : | Smart Glass |
| 5. Aman Sahu(PGDCA) | : | Neuralink |

Each Student spoke individually on the topic for 5 minutes with the help of PPT, and shared very informative and sensible facts about the updation of technology on their respective topics.

This event was appreciated and enjoyed by all the students. With the help of this activity, students and teachers also came to know about new technologies. Overall the activity was very informative and helpful for the students. At the end program was concluded with a gratitude note given by Mrs. Abhilasha Khare for student's hard work.

ST. VINCENT PALLOTTI COLLEGE, RAIPUR

Department of Computer Science

Session: 2022-23

Name of Activity: "Techno Update – II"

Organized on: 19/10/2022

Venue: AV Room

Students involved: BCA – I, II, III & PGDCA

In the 21st century, technology plays a huge role in all facets of life, we always turn to computers to access information, create and express ourselves, communicate and collaborate, and track the achievement of learning outcomes. Computer technology is very volatile in nature and it is getting updated very quickly so it's really necessary to update ourselves as well. So the initiative was taken by the Department of Computer Science and organized an event on 19/10/2022 named 'Techno Update-II' where students were able to share their knowledge about new technologies. The aim of this activity was to develop relationship with current technologies.

Students were instructed to select the topic of their own choice. Topics and name of the students are listed below:-

1. Isha Sahu – Smart watch with Ear pods.
2. Sweta Chelani – Information Security
3. Swapnil Lakra – Metaverse.
4. Prateek Rohan Tigga – Bio Chips Technology
5. Sagar Mishra – Virtual Reality
6. Yash Kulkarni – Smart Sensors in Cars.
7. Fathae Karan Singh – Bar Code Technology.
8. Bhavesh Kumbhare – Wireless Charging.
9. Sudha Mani – Robotic Process Automation.
10. Priti Verma – Internet of Things.

Faculty in charges of the event were Ms. Rupali Sharma and Mr. Digvijay singh. This event gave our students an opportunity for sharing and introducing the upcoming technologies and also providing them a platform for enhancing their Public Speaking and an overall Self-Development.

Students were advised to use PPT for their presentation. Each student provided 10 minutes for presentation. Students explained very well and shared very informative & sensible facts about the new technology on their respective topics. After every presentation, Question-Answer session took place and presenter cleared all the doubts of audiences. All the participants were awarded certificates. The activity was overall a perceptive event which turned out to be very educational and helpful. The program ended up with a motivational message by HOD, Mrs. Pooja Rathi.

Report: PPT Presentation Competition

St. Vincent Pallotti College, Raipur Department of Computer Science 2022-23

Name of Activity: "PPT Presentation Competition"

Organized on: 14/10/2022

Venue: AV Room

Students involved: BCA – I, II, III & PGDCA

A "Power Point Presentation Competition" was organized on Friday i.e. 14/10/2022 by the Department of Computer Science. The basic purpose of organizing this competition is to inculcate and boost corporate communication, removing the stage fear, develop public speaking, encourage self-learning amongst the students. This activity is helpful to gain real-world skills such as the ability to present accomplishments and skills during a job interview. It also develops self-confidence in students and helps in removing stage fear. The motive of this competition was to enhance the technical minds, thinking skills, creativity skills, and skills of presenting the topic.

Students were given total 10 topics out of which they have to select one and present the same. The students beautifully presented the topic using PowerPoint Presentation. A total of 10 students from all the classes participated in the competition. Every presenter was able to set an example and acted as an inspiration to other students. The time duration allotted to each presenter was 10 minutes with a minimum of 6 slides and a maximum of 15.

The Judges of the event were Mrs. Abhilasha Khare and MS. Rupali Sharma. The winners of the event were:

Winners: 1st – Priya Sonwani (BCA-II)
2nd – Isha Rathi (PGDCA-I)
Abhinay Minj (BCA - I)
3rd – Anshumala Ekka (PGDCA-I)
Pratyush Yadu (BCA - I)

All 5 winners were awarded with certificates and mementos.

The program ended up with the motivational message by HOD, Mrs. Pooja Rathi. Altogether, the program was a huge success with the help and guidance of Mrs. Abhilasha Khare, Ms. Rupali Sharma, Ms. Neha Sahu and Mr. Digvijay Singh and complete coordination of the students.

Session 2022-23

Name of Activity: Tech-Fest by Tech-Savvy Students

Organized on: 20/01/2023

Organized by: Department of Computer Science

Venue: BCA-I & BCA-II Classroom

Today everything is dependent on technology and our everyday life runs on use of technology. It has gifted us with various innovations. Also, it implies the modern practical knowledge that we require to do things in an effective and efficient manner. To aware us about Science and Technology the Department of Computer Science had organized an activity "Tech-Fest by Tech-Savvy Students" on 20/01/2023, where all the students of the department participated and shown their talent with their innovative ideas.

The Field Computer Science itself is a boon to us which has acknowledged us with innovations and has benefited us to an unimaginable extent. It is a Technology-Expo where students have displayed various innovative science and technology projects developed on their own. Everyone visited the innovative models and appreciated the students for their efforts and innovative ideas.

This Workshop was inaugurated by the Director of the college Rev. Fr. Amit Tirkey. He was accompanied by the Principal Dr. Kuldeep Dubey, Vice Principal Dr. G. Padma Gouri, H.O.D Mrs. Pooja Rathi and all the teachers of the department were present. The workshop was open for all the students of the college.

Rev. Fr. Amit Tirkey addressed the students and encouraged them to come up with more such ideas in the future. Also, Principal Dr. Kuldeep Dubey guided them with his motivating speech.

The Judges of the event were Mrs. Yashashwee Lonkar and Mrs. Bani Saha. The winners of the event were:-

Report:Tech-Fest by Tech Savvy Students

1st Position -

- Dushyant Kumar Sahu (BCA-II) – Software(Quiz Game)

2nd Position -

- Yuvraj Singh, Ashish Nishad, Swapnil Lakra, Abhishek Gupta (BCA-I) Advanced Fencing System
- Megha Sahu, Neelam Baghel, Neelopher Beck, Anshumala Ekka(PGDCA) Solar Power Irrigation System

3rd Position -

- Rohan Pal, Sagar Deep (PGDCA) Quiz Game
- T. Sanmukh Rao, Avantika Tiwari, B. Vishal, Ananya Tiwari (BCA-I) Fire Alert Alarm
- Rohan Sayam, Yash Kulkarni, Vegi Hemanth Kumar, Piyush Soni (BCA II) Buzz Wire Game

First, second and third position winners have been facilitated with mementos and certificates. Also, certificates were distributed to all the Participants. Later on, the event was concluded with a gratitude note by H.O.D Mrs. Pooja Rathi.

H.O.D. of Computer Science Mrs. Pooja Rathi along with her team members worked hard for the successful completion of this event.

Report on Smart Board Training Session

Date-15/03/23

Students become more excited about learning when the smart boards are incorporated into the lesson. Department of Education organized a Smart Board (Brio Touch) Training session for the students of B.Ed semester II & IV to enable students to learn and explore new concepts using technology to create a more dynamic learning experience under the expertise of Mr. Gaurav Gupta.

The objectives of the session were as follows:

- To enable students to identify the tools available in smart board.
- To make them evaluate digital tools and their use in the classroom.
- To improve practice in teaching with digital technologies.
- To make them understand how and when to incorporate digital tools and technology in useful and creative ways.
- To enable them to experiment and innovate with digital technologies to develop effective study practices.

The instructor gave a detailed demonstration of the smart board. The students enjoyed the fruitful training session and also tried their hands on the different features of the smart board.

It was a great learning experience for all the students and it will definitely help the teacher-trainees to cope with the technological changes and incorporate technology in their teaching effectively.
