1st May, 2021, Saturday

The covid – 19 pandemic has spread with alarming speed. Our lives got affected very badly. We cannot go out in open air freely, due to this deadly disease. The crisis highlights the need for urgent action to cushion the health and consequences, protect vulnerable populations and set the stage for lasting recovery. In this crucial point of time, our frontline workers are doing their duties for us with great dedication and responsibility. They are working day and night and struggling with the available resources to save our lives from this deadly disease. So, it is our duty to pay honour and tribute to them as they are working as ‘warriors’ these days. They are none other than doctors, nurses, compounders, other hospital staffs, social workers, policemen and many more. We tried to extend our gratitude to all the warriors of corona Virus through this event.

Objectives of the Event:

- To spread positivity and humanity by giving their examples.

- To share information about vaccination drive starting from 1st of May, 2021 for the ages 18 years and above.
- To take a pledge to strictly follow the precautions and also encourage others for the same to keep us and our surroundings protected.

Flow of the Program:

Started with a prayer, proceeded by a musical journey to connect with God, then highlighted facts of Corona Virus, then shared the precautions to be taken, then given information about the vaccination drive, followed by a pledge taken by the audience, after that a video had been shown and the last but not the least, program ended with the vote of thanks.
