### Report on Online Cleanliness Drive

Cleanliness is extremely important in maintaining a healthy lifestyle with good standard of living. It is not just one person's responsibility or job; everybody should do their best individually and collectively to maintain cleanliness in the country, society and the home.

India is in dire need of a cleanliness drive like Swachh Bharat Abhiyan to eradicate dirtiness. It is important for the overall development of citizens in terms of health and well-being. As the majority of the population of India lives in rural areas, it is a big problem.

In other words, Swachh Bharat Abhiyan will help in proper waste management as well. When we will dispose of waste properly and recycle waste, it will develop the country. So to create awareness amongst students an online cleanliness awareness drive was scheduled by the special days committee.

The program was conducted by NCC cadets and they highlighted the following key points:

- The NCC cadets took a pledge to protect the environment.
- They mainly focused on reduction of plastics.
- The hashtags #clean\_India were used to spread awareness.
- Encouraged the students to plant trees and protect it.
- Everyone said the slogan "Protect the nature, Secure your future" together.

In short in this pandemic situation of Covid-19, it is proved that cleanliness could be the effective way to control the spread of dreadful viruses and diseases.
